DOCTRINAL STATEMENT

WE BELIEVE IN

1. The Bible as the inspired Word of God; that it is a revelation from God to man, the infallible rule of faith and conduct, and is superior to conscience and reason, but not contrary to reason. II Tim. 3:16,17; I Peter 2:2.
2. The one true God, eternally existing, who has revealed Himself to mankind in the three Persons of the Holy Trinity--Father, Son and Holy Spirit. Matthew 28:19; Luke 3:22.
3. The literal Creation of Man by God, his fall and depravity through sin as recorded in Genesis. The Bible condition of Man's Salvation is repentance toward God, and faith in our Lord Jesus Christ. All men must be born again and are justified by faith only and declared righteous without works on the ground of Christ's work on Calvary. Romans 5: 12-21; Titus 3:5-7; Romans 3:21-28.
4. The Virgin Birth, Deity, Sinless Perfection, Substitutionary Death and Literal Resurrection of our Lord Jesus Christ. Matthew 1:23; I John 4:2; I Peter 2: 22,23; I Corinthians 15:3,4.
5. The True Church as being composed of all born again believers. I Corinthians 12:13.
6. The Sacraments of Water Baptism and the Lord's Supper. Matthew 28:19; I Corinthians 11:23-24.
7. Divine Healing for our bodies, as taught in the Scriptures. Matthew 8: 17.
8. The Baptism of the Holy Spirit as an endowment of power for service. Acts 1: 8.
9. Entire Sanctification as being the will of God for all believers, and should be earnestly continued by walking in obedience to God's Word. Hebrews 12:14; I Peter 1:15,16.
10. The Pre-Millennial Coming of the Lord, and the Resurrection of the Saints, followed by Christ's Millennial Reign over the earth. Acts 1:11; I Thessalonians 4:16; Revelations 20:6.
11. The Evil and his Angels, the beast and the false prophet, and whosoever is not found written in the Book of Life, shall be consigned to everlasting punishment in the Lake which burneth with fire and brimstone, which is the second death. Rev. 19:20; Rev. 20:10-15.

L. E. Englar, born near Minot, N. Dak., on April 18th, 1905, spent the early years of his life on the farm. His mother was a widow, which necessitated his remaining with her and to help make the family living. He graduated from the Surrey High School in 1923, and took the required Normal training to obtain a First Grade Elementary Teacher's Certificate. He was born into the family of God in 1933, and called to preach the same year. After serving in various capacities, he was ordained to the ministry in July, 1947. He served outstations from Minot for about seven years, and then accepted the pastorate at Stanley, N. Dak. Here God laid the vision for the Lakewood Park Bible School on his heart, and he is teaching there at the present time. He is also serving Secretary-Treasurer and Business Manager of the Bible School.

HISTORY

The Lakewood Park Bible School will be one year old on August 2, 1949, as it was on this date that the first \$500.00 was paid down on the larger of the two buildings that now comprise the Bible School.

Rev. L. E. Englar had the vision for this School for some time, and felt it to be a need in the North Dakota District. After spending a little time in the spring of 1948, helping in the construction of the beautiful buildings which comprise the Camp Ground proper, he decided to bring the project before the District Presbyters at the Camp Meeting, held the last of June, and the first of July, 1948.

DIGGING THE BASEMENT

The Project was brought before the District Council, and agreed almost unanimously that the School should be started as soon as feasible. It was then taken before the District Presbyters, and after considering every possible phase of such an important undertaking, it was decided to go ahead with the construction and try to have the buildings ready by October 1.

At this time Rev. W. H. Kesler and Rev. G. L. Riffe became very interested in this project, and also gave much valued thought and help in getting started.

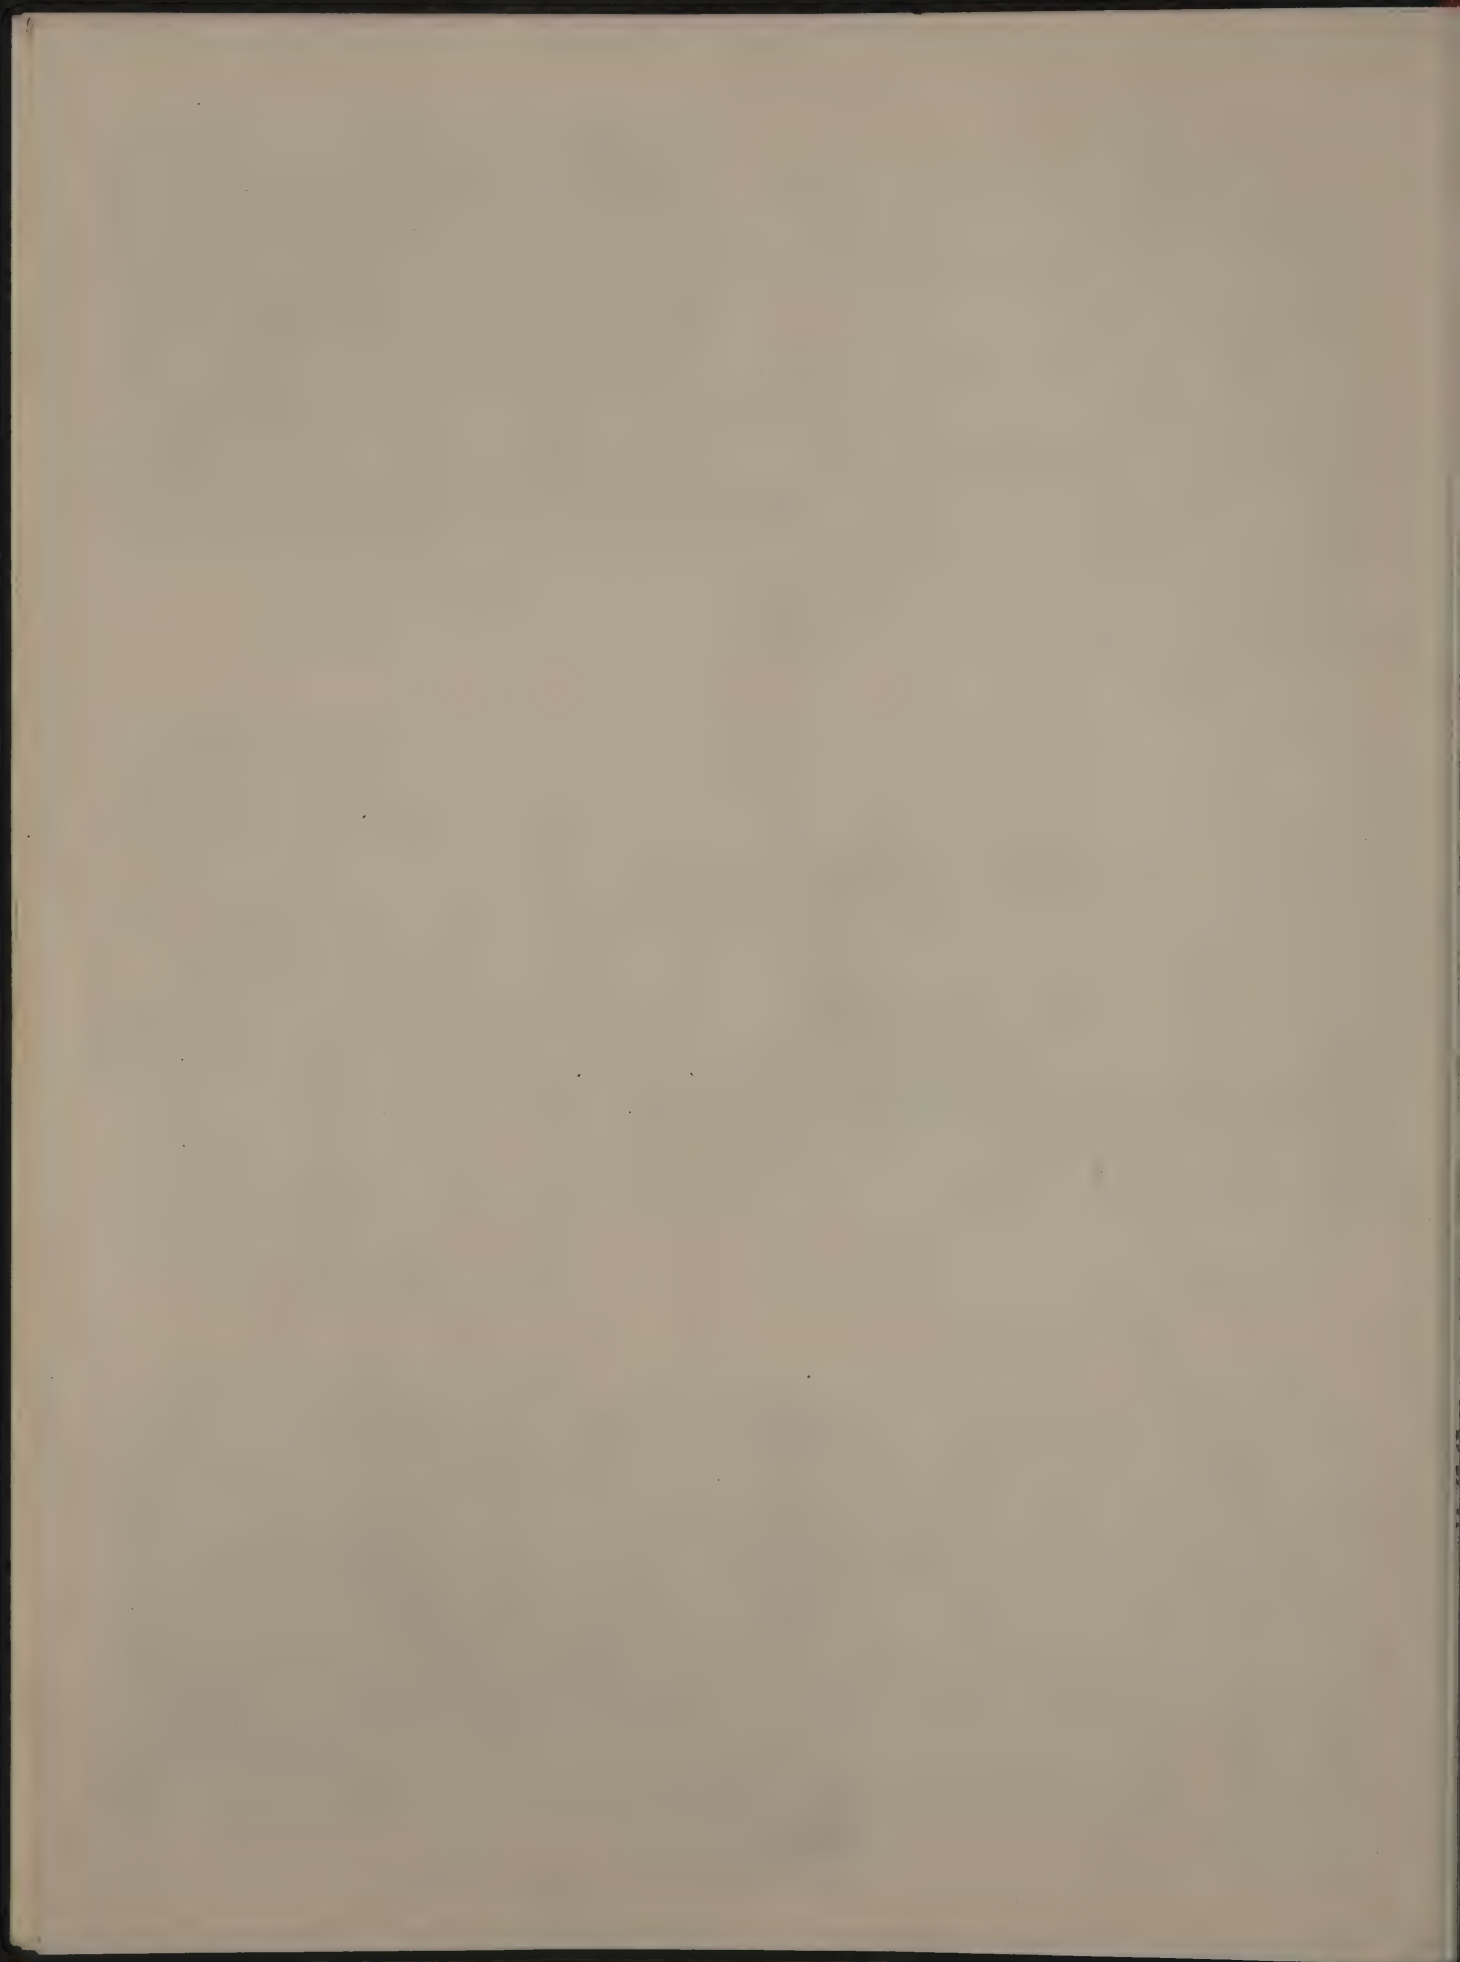

THE HOTEL BUILDING ON IT'S WAY TO
LAKEWOOD PARK

Two buildings were in the plans for this project, the hotel building pictured here, and a two and a half story building at Leeds, N.D., which the District owned, and had previously used for a chapel in that town. The building pictured here on this page is the girl's dormitory, the kitchen, cafeteria, offices, and one apartment. Some remodeling and repair was necessary, and more will become necessary as time goes on.

THE LAST LAP OF THE JOURNEY

JUST BEFORE SCHOOL STARTED

Dr. J. E. Purdie, Principal of Western Bible College at Winnipeg, Manitoba, consented to come down to this Camp Meeting, and speak in the Council meeting on behalf of a School of this nature. He endorsed it heartily, and offered two full years of his Course of Study, which included books, notes, etc., for our School to use. This is considered the finest set of notes that could be obtained anywhere. For this great favor we agreed to encourage our students to attend Western Bible College for their third year.

We very much appreciate the fine help and encouragement that Dr. Purdie has been to the School.

Construction was started immediately. Two basements were dug, and cement blocks were used in building these basements. A large basement, 68X26 feet, was dug for the building from Egeland, and one, 28X28 feet, was dug for the building from Egeland, or rather, Leeds.

At present, the large building is only 54X26, but we plan to build an addition to this soon, for more dormitory space.

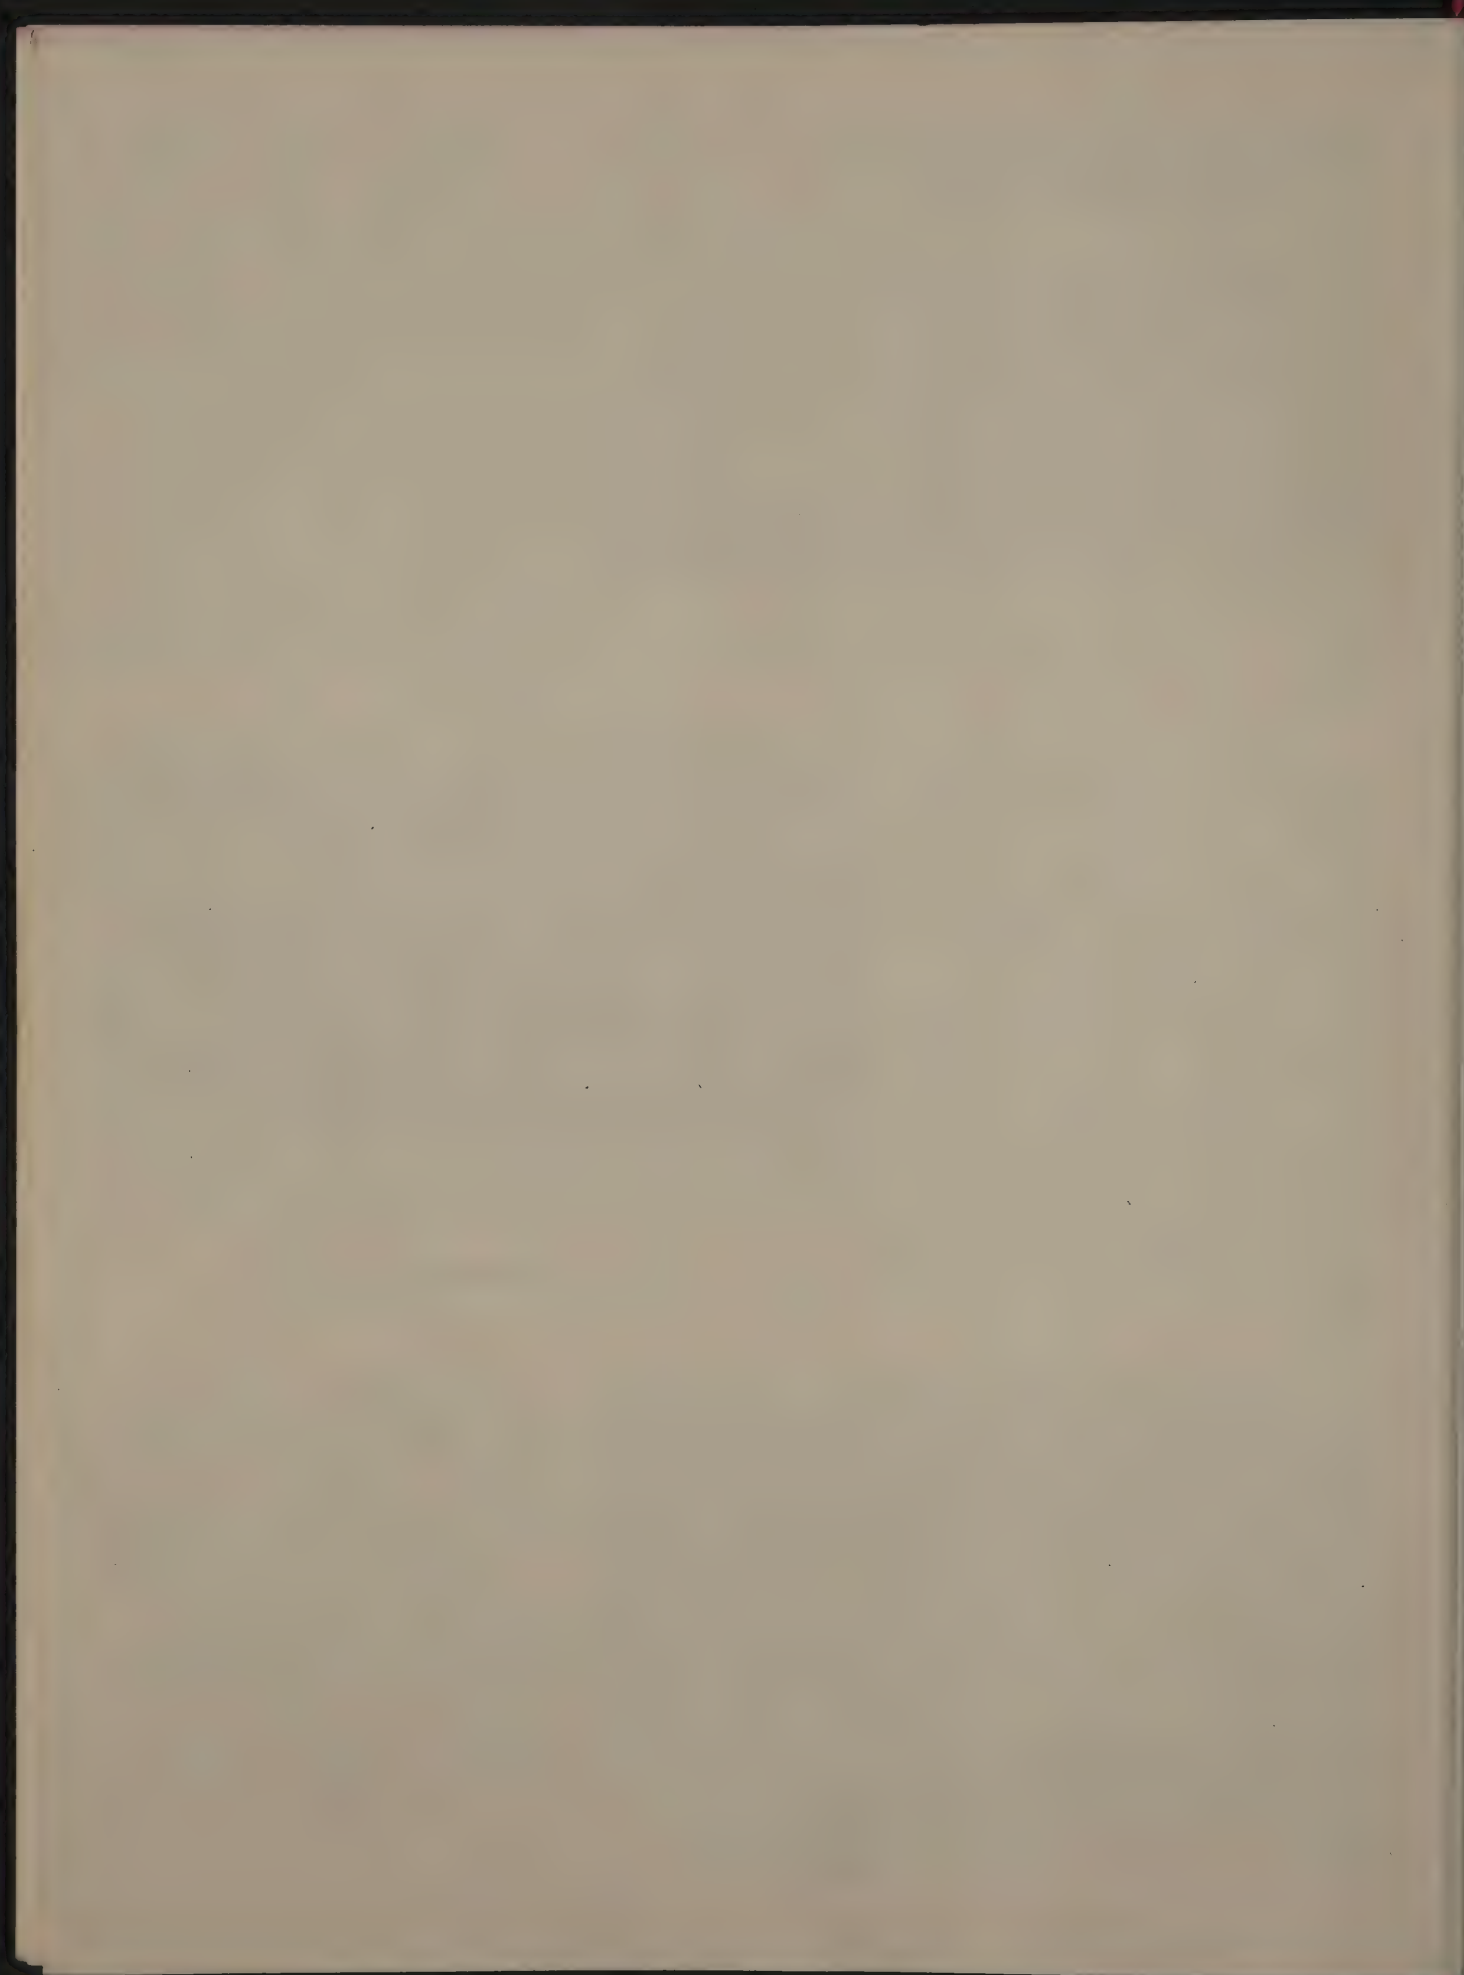

ONE OF THE LARGE CISTERNS

THE ACTUAL BUILDING IS STARTED

The building moved in from Leeds is used to house the boys dormitory, one apartment, a chapel in the basement, also used for classroom.

Two large cisterns, one twelve feet deep and fifteen feet in diameter, and one twelve feet deep and ten feet in diameter, were also constructed, as the water supply presented a major problem, and this temporarily met the need.

WE HAD TO WAIT FOR THE BOYS DORM.

Rev. W. H. Kesler and Rev. L. E. Englar are the resident teachers in charge of the School. Rev. G. L. Riffe, the Sec.-Treas. of the N. Dak. District, and Miss Mildred Duncklee, of Bowesmont, N. Dak. are also on the teaching staff. Miss Duncklee is a graduate of Western Bible College.

The faculty extends a hearty thank you to all who have helped us through this first year, and for all your prayers.

THE FACULTY

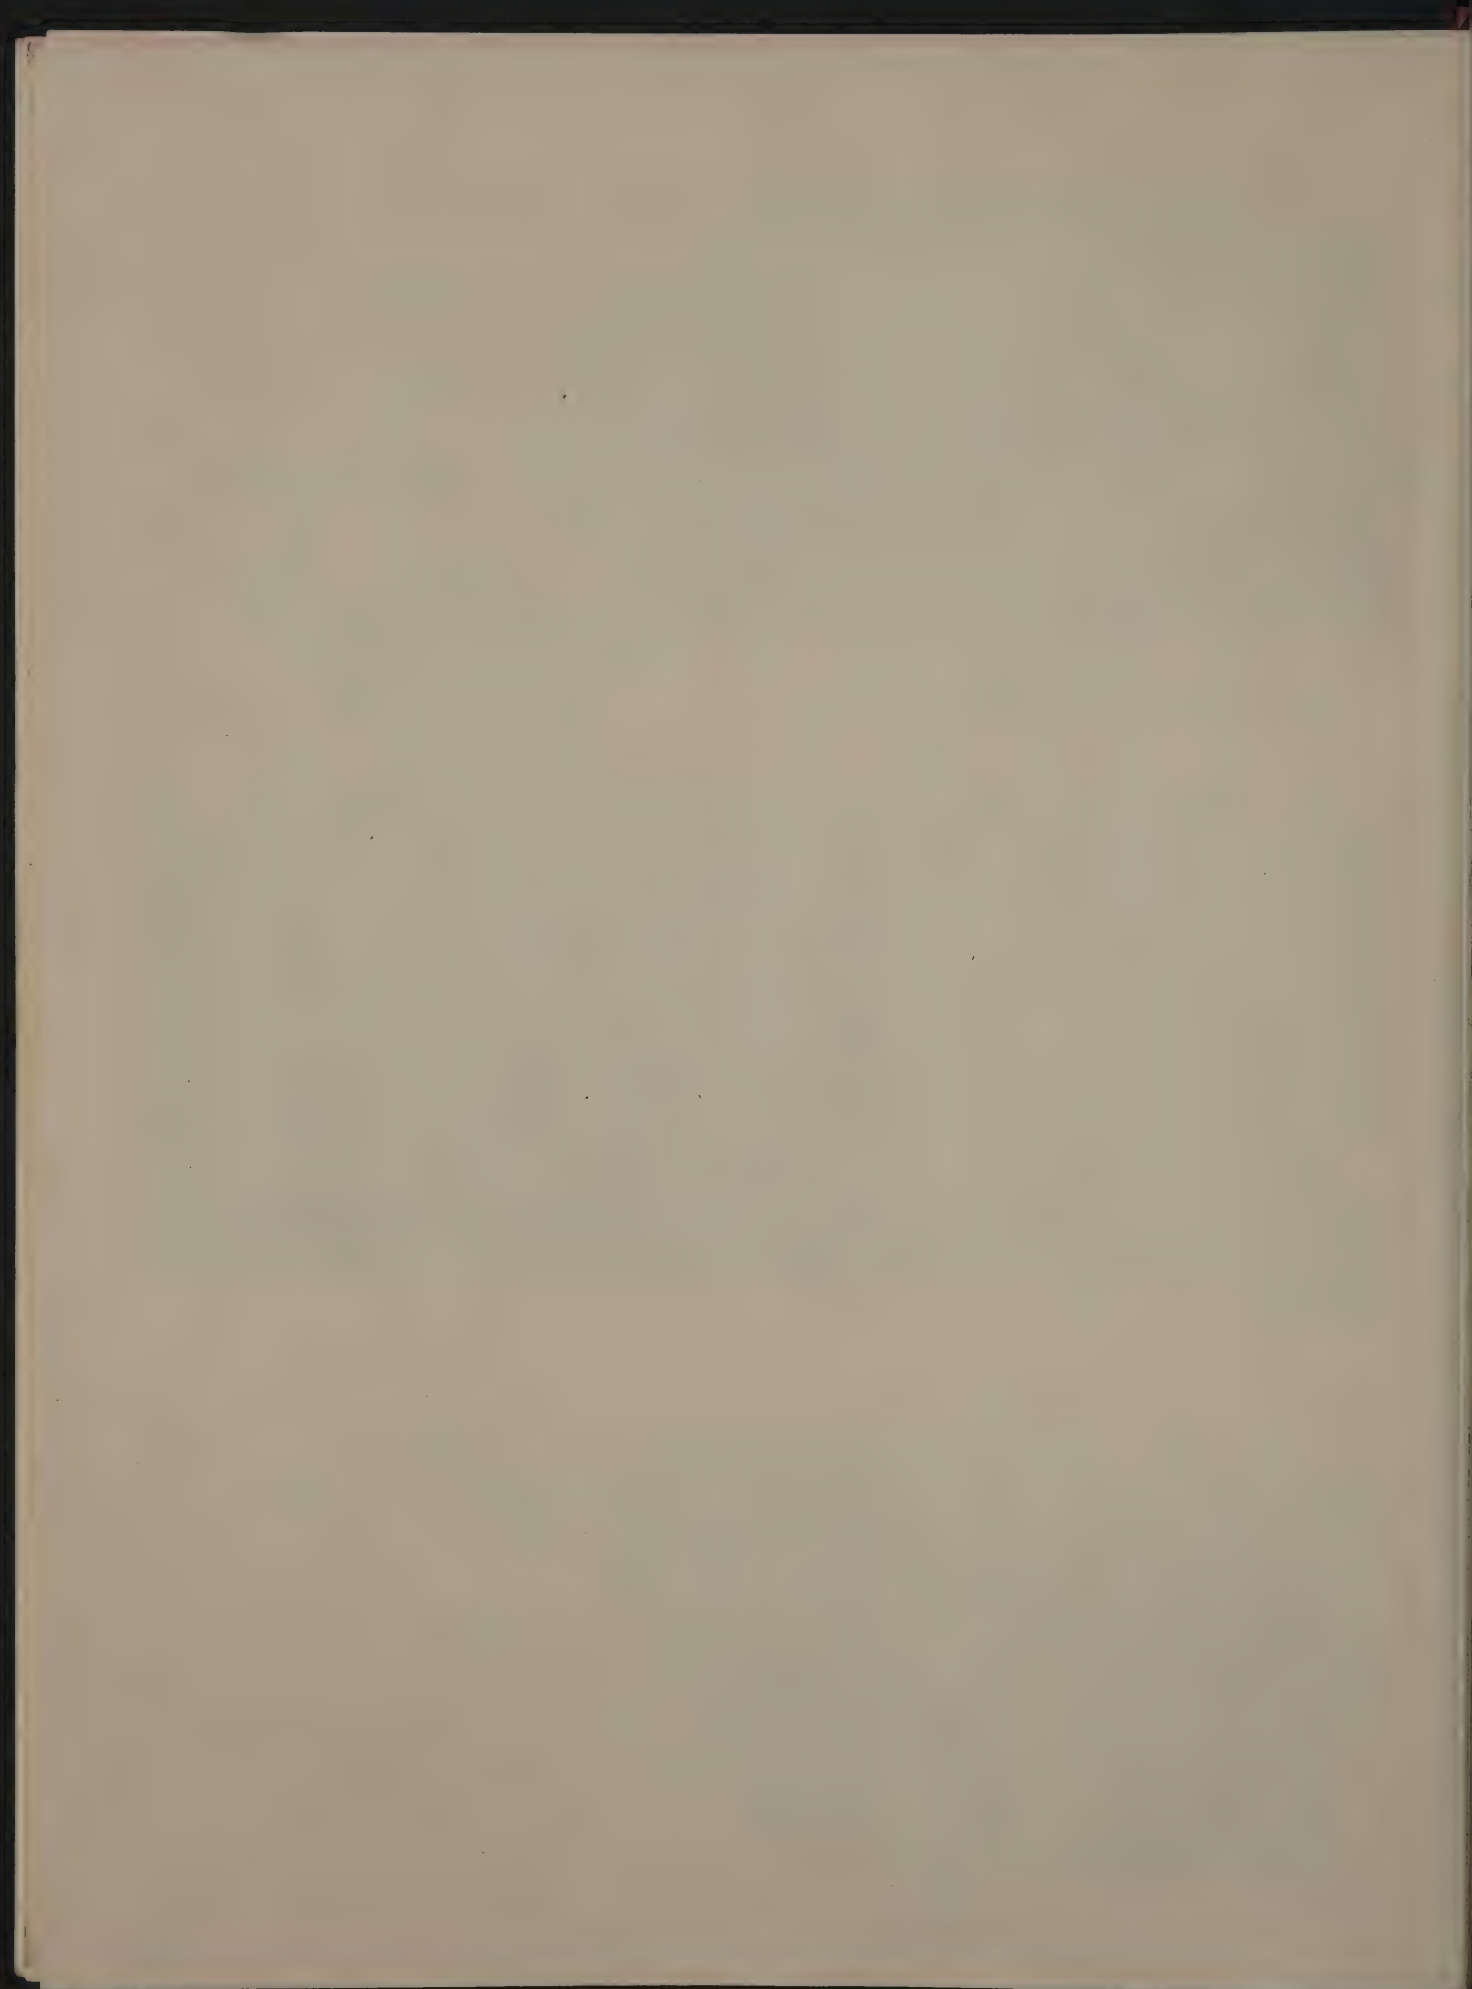

The STUDENT BODY

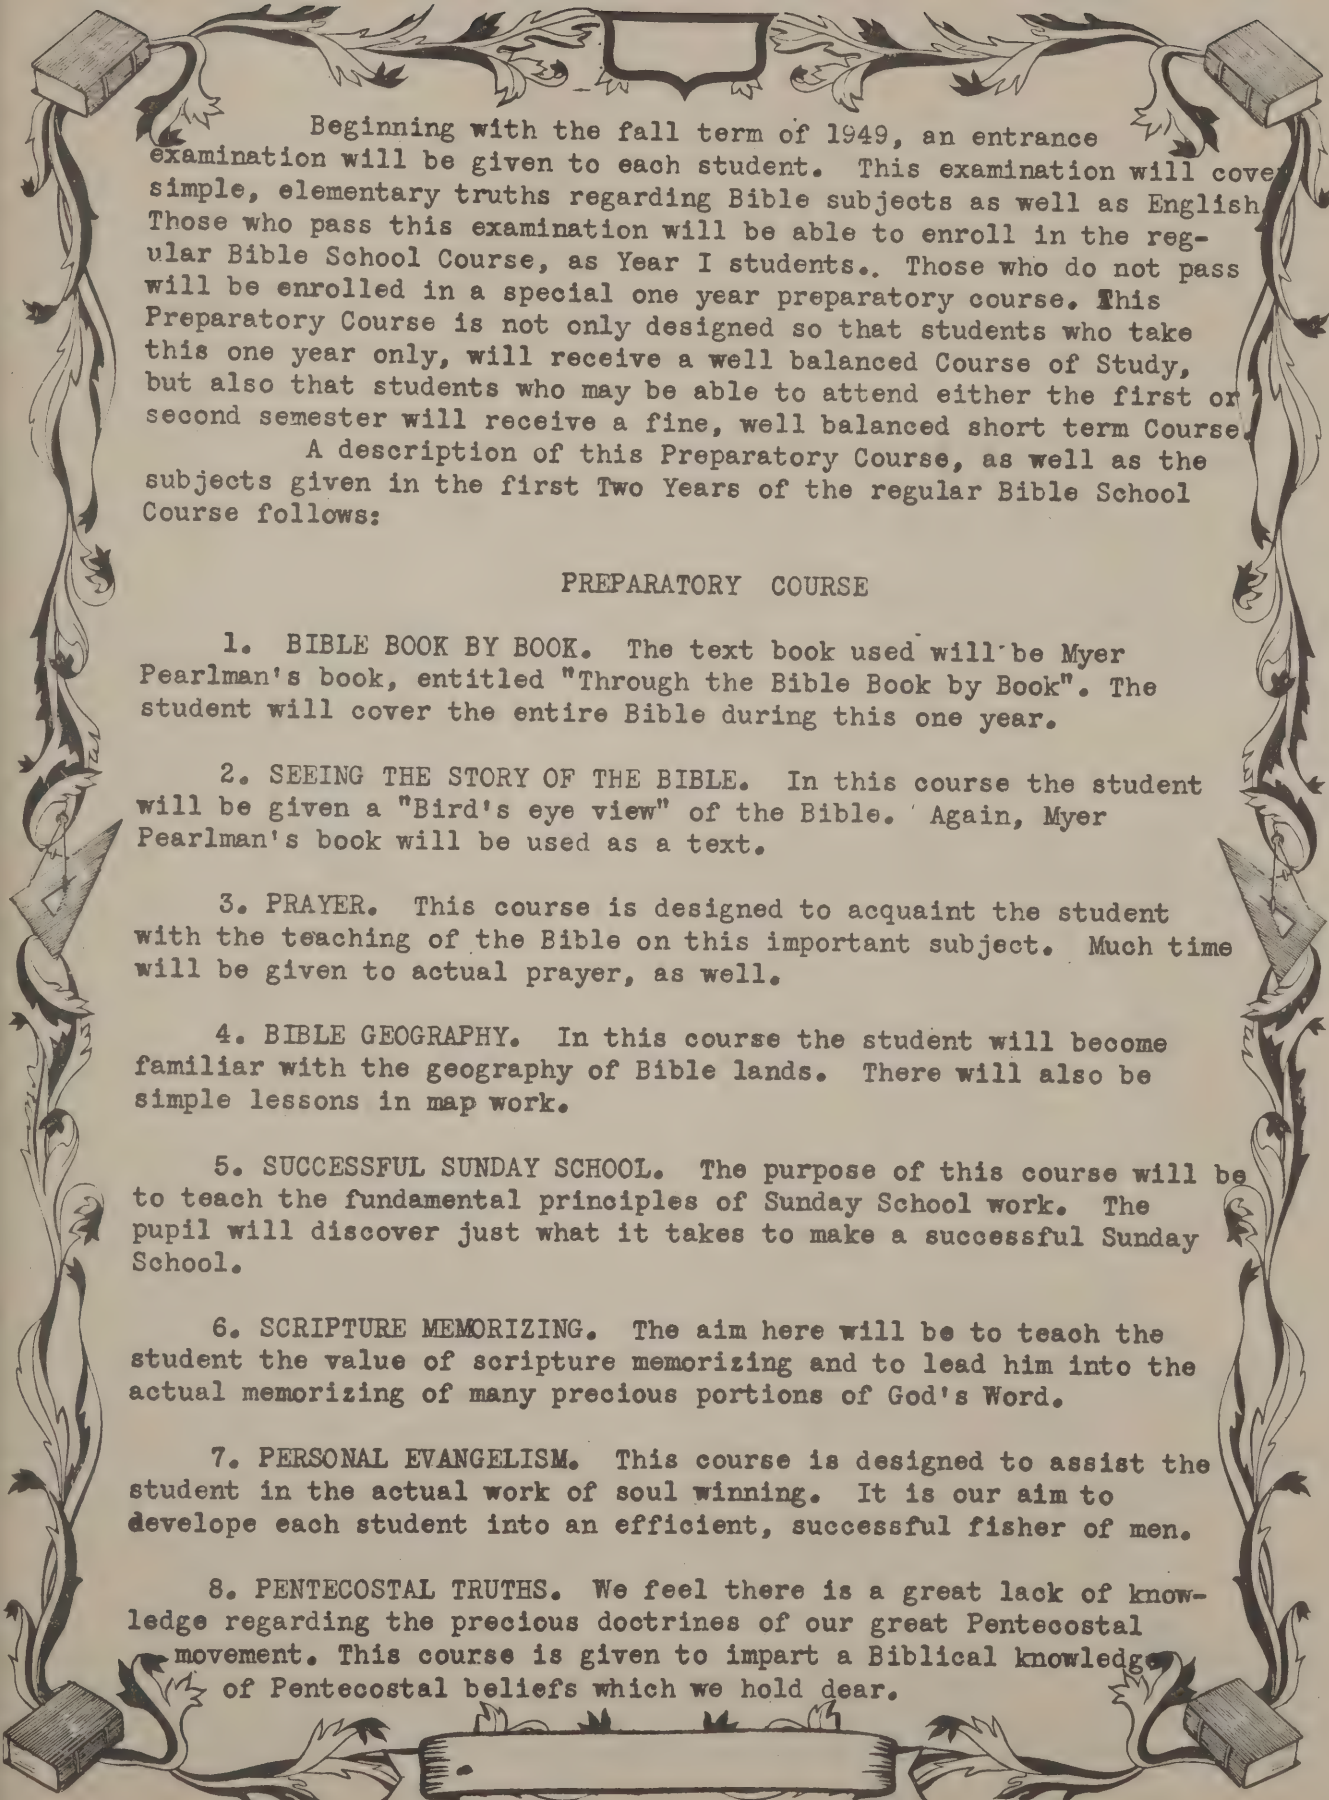

School opening day had to be postponed for one week, due to the shortness of time allotted to the building operations. Also, the boy's dormitory had not arrived. But it was generally agreed that the Lord had surely performed a miracle, as it were, in making it possible for the Lakewood Park Bible School to open on Oct. 18, 1948.

The Board of Directors for the Bible School consists of the following men: Rev. G. L. Riffe, President; Rev. W. H. Kesler, Principal; Rev. L. E. Englar, Sec.-Treas. & Business Manager; Rev. H. G. Johnson and Rev. C. L. Strom.

The Lord saw fit to send us eighteen students for the first year, and every one is agreed that it has been a very profitable year.

Five of these students have received the Baptism of the Holy Spirit, and some have made plans to answer the call of God to their respective fields of service after graduating.

Beginning with the fall term of 1949, an entrance examination will be given to each student. This examination will cover simple, elementary truths regarding Bible subjects as well as English. Those who pass this examination will be able to enroll in the regular Bible School Course, as Year I students. Those who do not pass will be enrolled in a special one year preparatory course. This Preparatory Course is not only designed so that students who take this one year only, will receive a well balanced Course of Study, but also that students who may be able to attend either the first or second semester will receive a fine, well balanced short term Course.

A description of this Preparatory Course, as well as the subjects given in the first Two Years of the regular Bible School Course follows:

PREPARATORY COURSE

1. BIBLE BOOK BY BOOK. The text book used will be Myer Pearlman's book, entitled "Through the Bible Book by Book". The student will cover the entire Bible during this one year.
2. SEEING THE STORY OF THE BIBLE. In this course the student will be given a "Bird's eye view" of the Bible. Again, Myer Pearlman's book will be used as a text.
3. PRAYER. This course is designed to acquaint the student with the teaching of the Bible on this important subject. Much time will be given to actual prayer, as well.
4. BIBLE GEOGRAPHY. In this course the student will become familiar with the geography of Bible lands. There will also be simple lessons in map work.
5. SUCCESSFUL SUNDAY SCHOOL. The purpose of this course will be to teach the fundamental principles of Sunday School work. The pupil will discover just what it takes to make a successful Sunday School.
6. SCRIPTURE MEMORIZING. The aim here will be to teach the student the value of scripture memorizing and to lead him into the actual memorizing of many precious portions of God's Word.
7. PERSONAL EVANGELISM. This course is designed to assist the student in the actual work of soul winning. It is our aim to develop each student into an efficient, successful fisher of men.
8. PENTECOSTAL TRUTHS. We feel there is a great lack of knowledge regarding the precious doctrines of our great Pentecostal movement. This course is given to impart a Biblical knowledge of Pentecostal beliefs which we hold dear.

PREPARATORY COURSE

9. **ELEMENTARY DOCTRINE.** The text book used in this course will be Myer Pearlman's book entitled, "Knowing the Doctrines of the Bible." Sufficient time will be given so that the entire book will be covered within the year. All the great doctrines of the Bible will be covered in an elementary way in preparation for deeper doctrinal teaching during the first and second years of the Bible School.

$\frac{1}{2}$ 10. **RUDIMENTS OF STUDY.** The simple design of this course is to acquaint the student with methods of study. Study should be profitable as well as pleasant. This course will prove to be of great value to every student.

11. **ELEMENTARY ENGLISH.** This course will cover the simple rudiments of English in preparation for the regular course in English during the following years.

FIRST YEAR COURSE OF STUDY

Theological Field.

1. **SOTERIOLOGY? (DOCTRINES OF SALVATION).** This subject covers completely the glorious subject of the Atonement. The various phases such as Regeneration, Justification, Adoption, Sanctification, and Abiding, are full explained to the student.

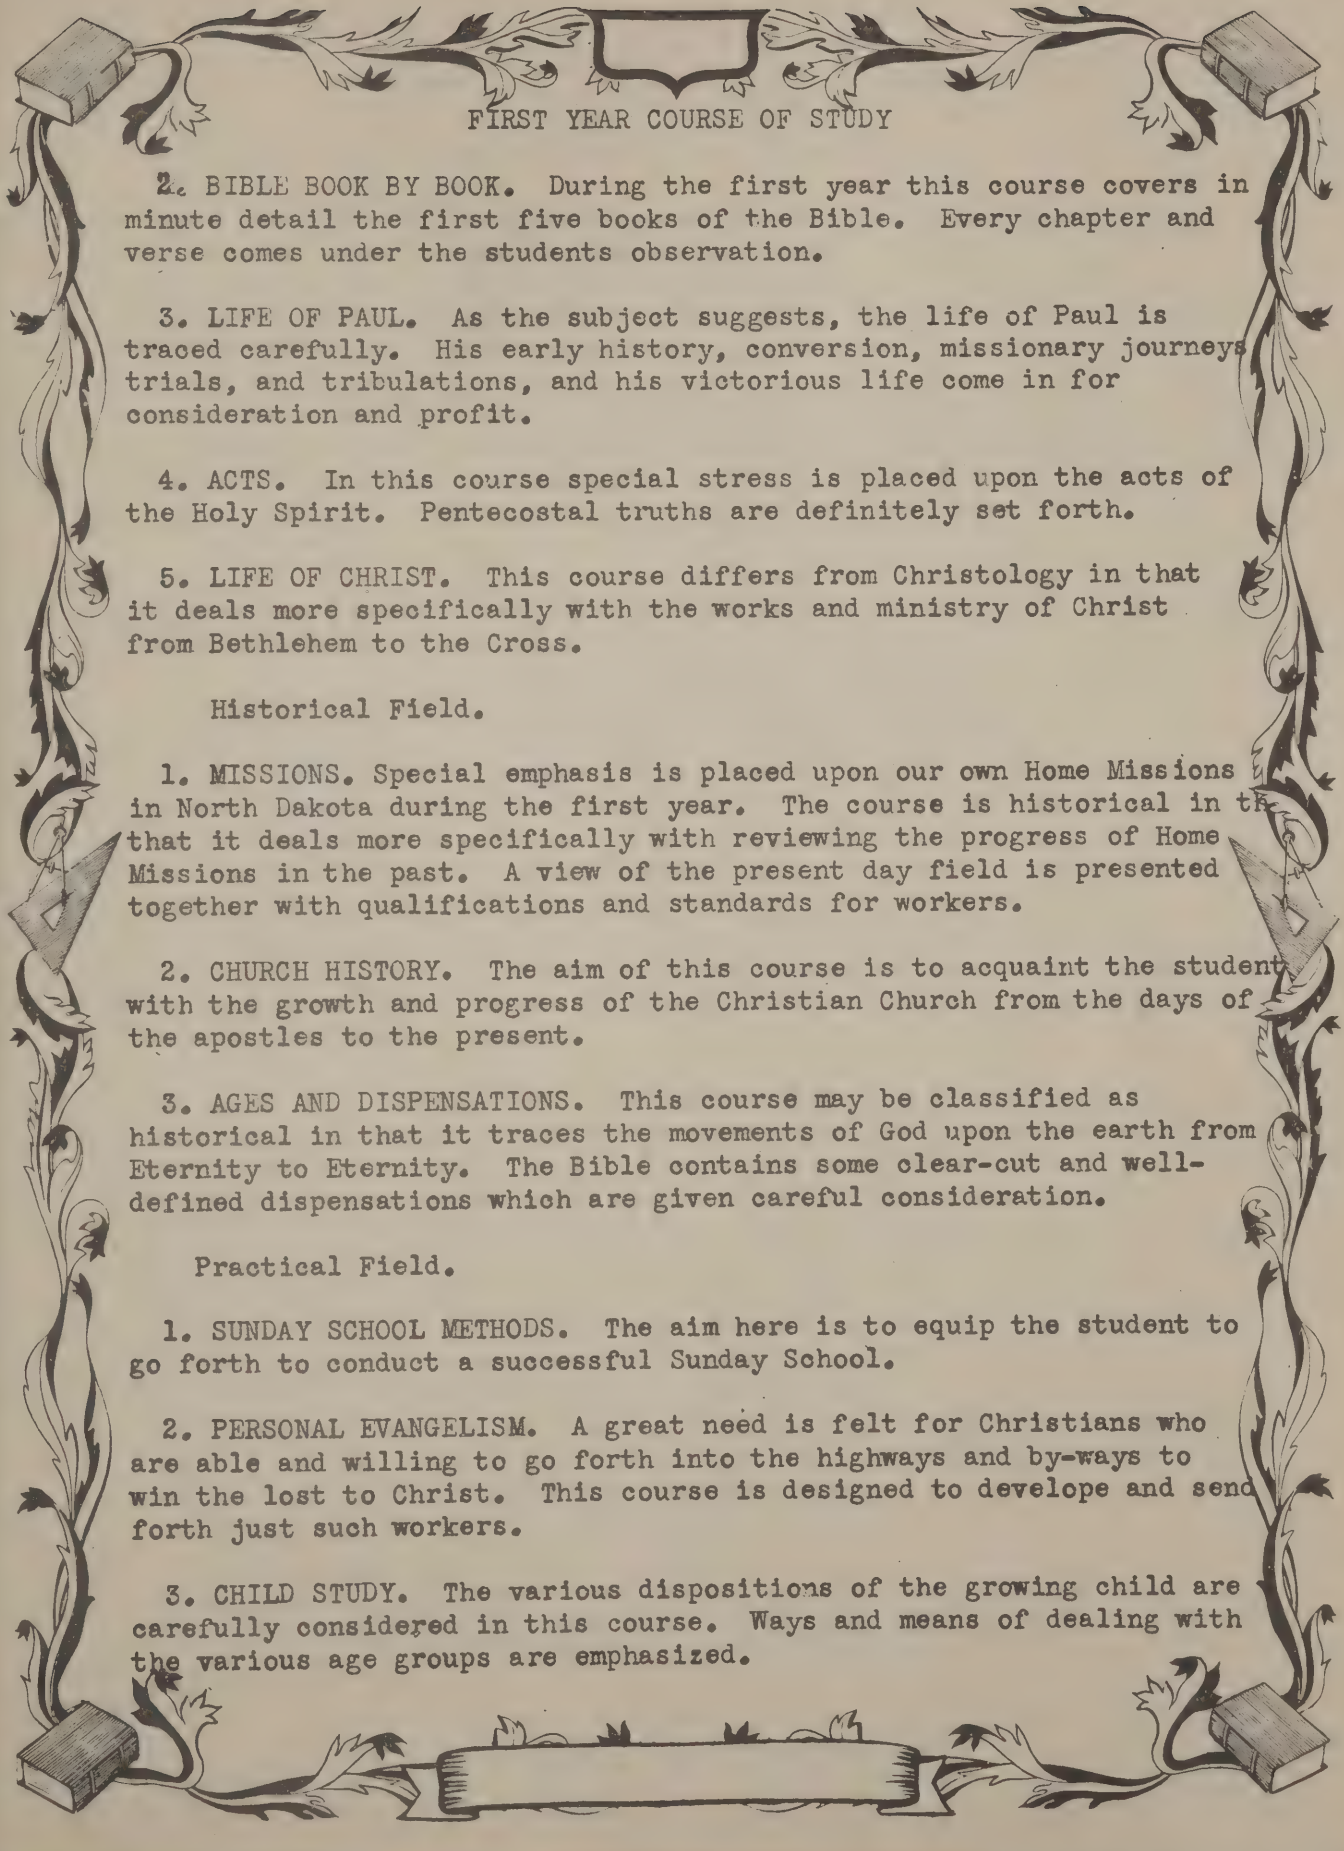

2. **CHRISTOLOGY.** As the name suggests, this subject deals with the Person of our Lord and Saviour, Jesus Christ. Both His true and proper humanity, and His true and proper Divinity, are dealt with in detail.

3. **DIVINE HEALING.** Much stress is placed upon the basis for healing, which is the working of the divine, resurrected life of the Lord Jesus within our mortal bodies.

4. **AUTHORITY.** This subject deals with the Word of God as the absolute and final authority in things spiritual. The course is designed to lead the student into a greater appreciation of the blessed Book.

Biblical Field

1. **BIBLE INTRODUCTION.** In this course the student is introduced to the Book of Books. He learns how we happened to come into possession of such a grand document. He learns of the various translations which have been made down through the ages.

FIRST YEAR COURSE OF STUDY

2. BIBLE BOOK BY BOOK. During the first year this course covers in minute detail the first five books of the Bible. Every chapter and verse comes under the students observation.

3. LIFE OF PAUL. As the subject suggests, the life of Paul is traced carefully. His early history, conversion, missionary journeys, trials, and tribulations, and his victorious life come in for consideration and profit.

4. ACTS. In this course special stress is placed upon the acts of the Holy Spirit. Pentecostal truths are definitely set forth.

5. LIFE OF CHRIST. This course differs from Christology in that it deals more specifically with the works and ministry of Christ from Bethlehem to the Cross.

Historical Field.

1. MISSIONS. Special emphasis is placed upon our own Home Missions in North Dakota during the first year. The course is historical in that it deals more specifically with reviewing the progress of Home Missions in the past. A view of the present day field is presented together with qualifications and standards for workers.

2. CHURCH HISTORY. The aim of this course is to acquaint the student with the growth and progress of the Christian Church from the days of the apostles to the present.

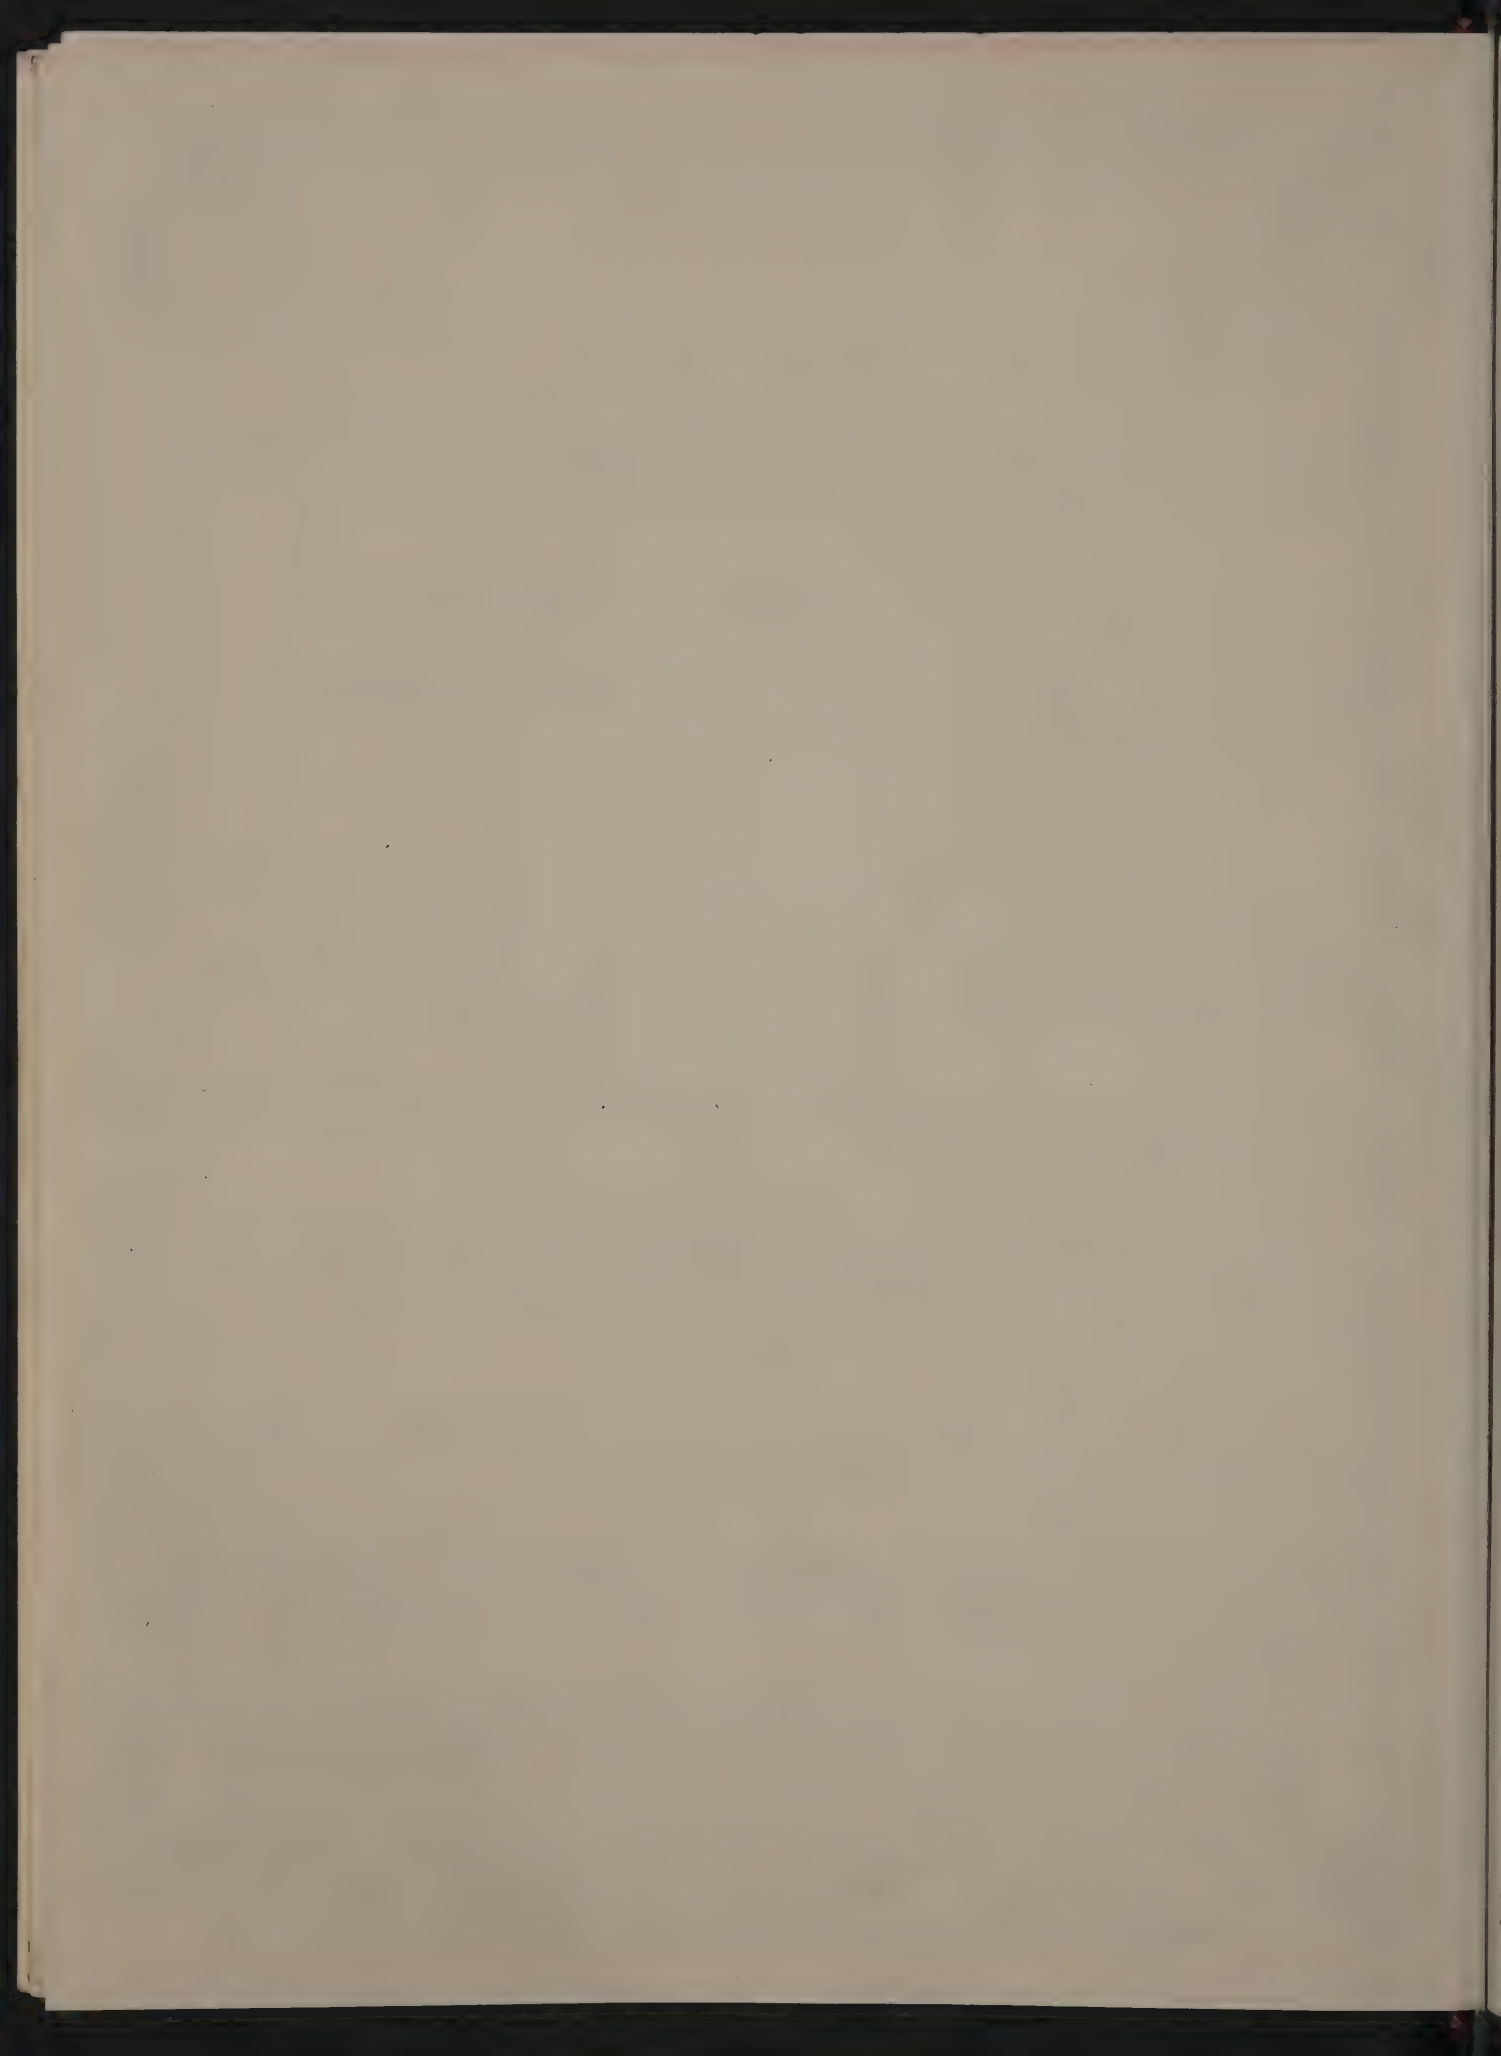

3. AGES AND DISPENSATIONS. This course may be classified as historical in that it traces the movements of God upon the earth from Eternity to Eternity. The Bible contains some clear-cut and well-defined dispensations which are given careful consideration.

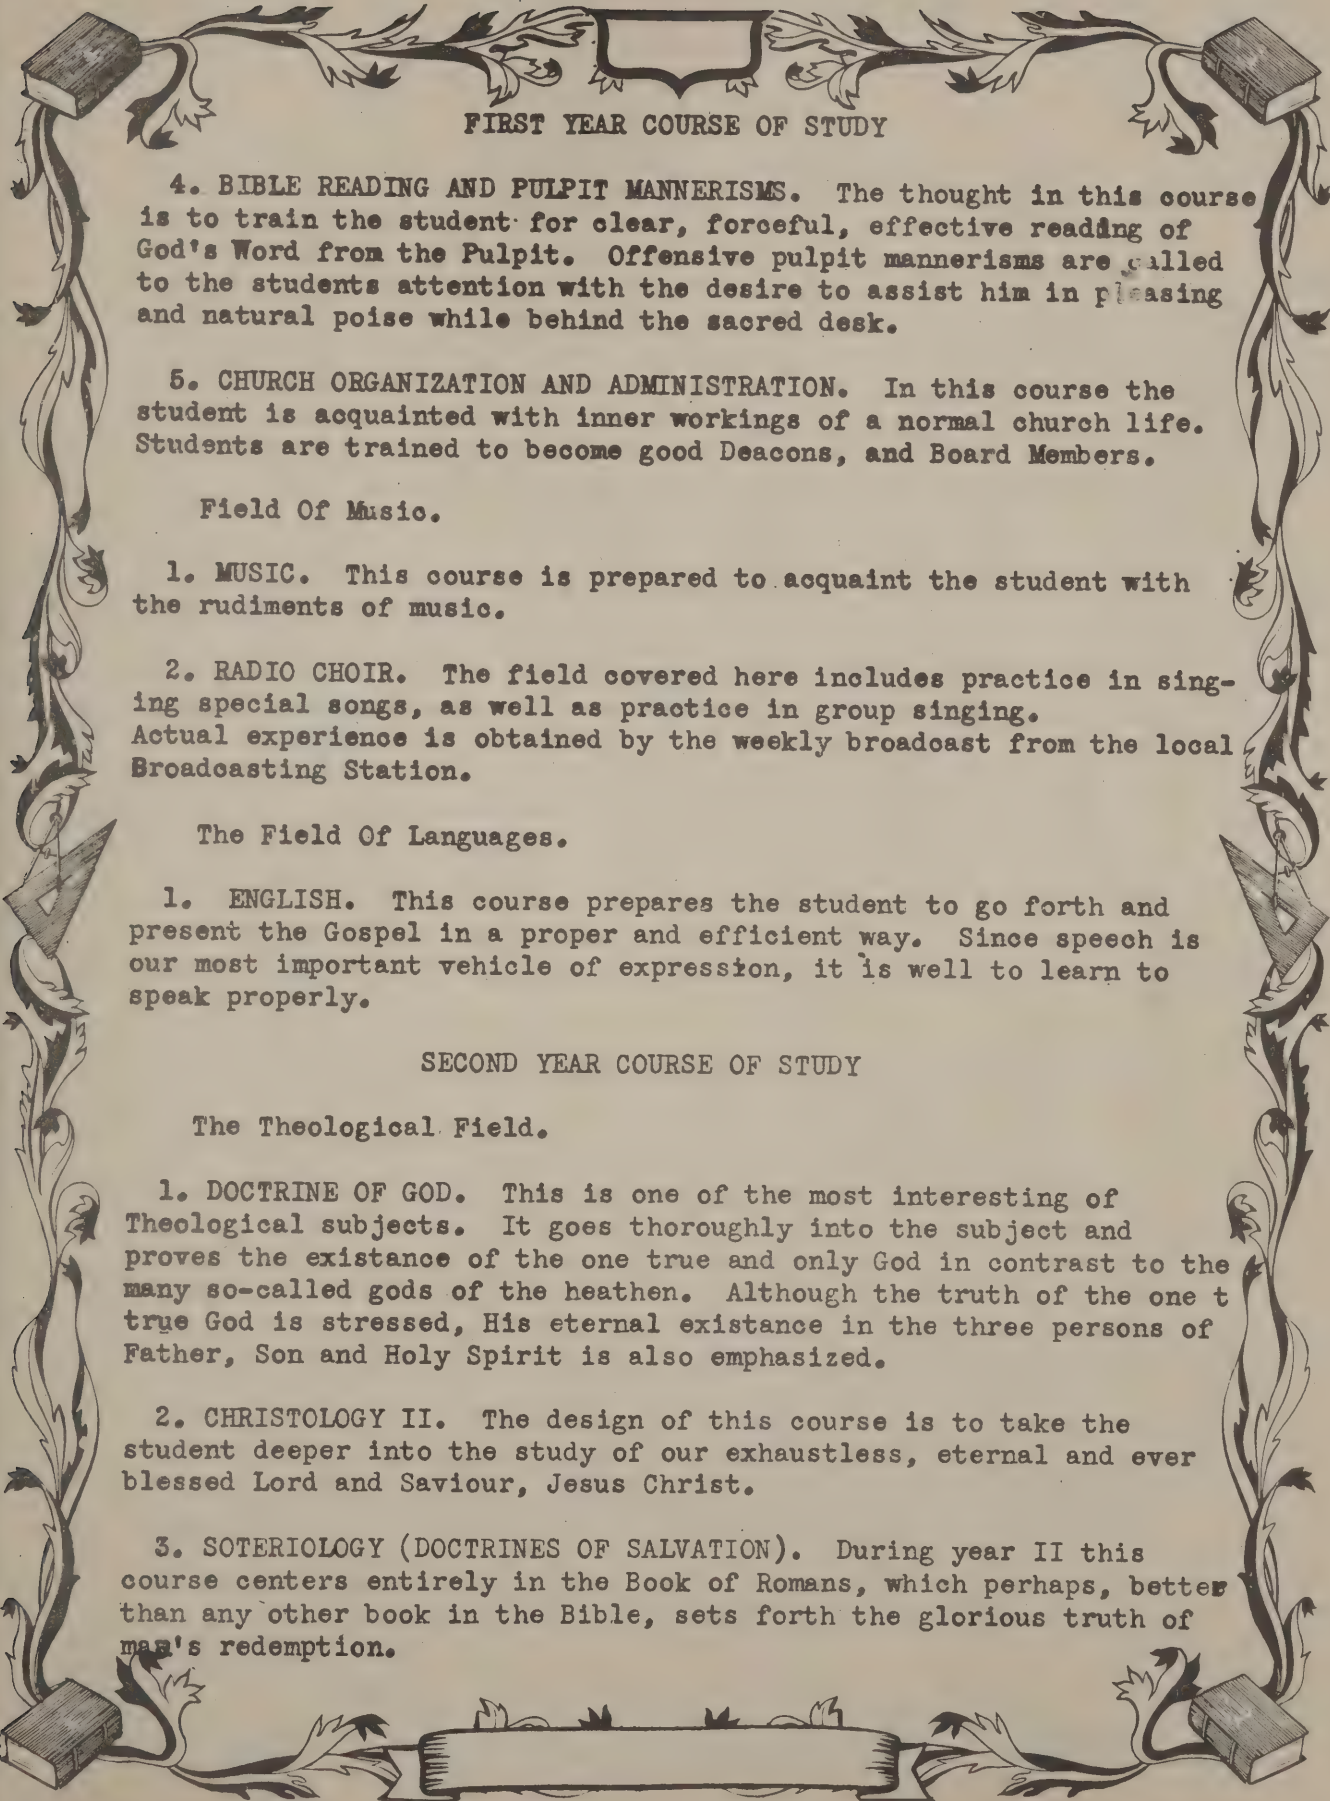

Practical Field.

1. SUNDAY SCHOOL METHODS. The aim here is to equip the student to go forth to conduct a successful Sunday School.

2. PERSONAL EVANGELISM. A great need is felt for Christians who are able and willing to go forth into the highways and by-ways to win the lost to Christ. This course is designed to develope and send forth just such workers.

3. CHILD STUDY. The various dispositions of the growing child are carefully considered in this course. Ways and means of dealing with the various age groups are emphasized.

FIRST YEAR COURSE OF STUDY

4. BIBLE READING AND PULPIT MANNERISMS. The thought in this course is to train the student for clear, forceful, effective reading of God's Word from the Pulpit. Offensive pulpit mannerisms are called to the students attention with the desire to assist him in pleasing and natural poise while behind the sacred desk.

5. CHURCH ORGANIZATION AND ADMINISTRATION. In this course the student is acquainted with inner workings of a normal church life. Students are trained to become good Deacons, and Board Members.

Field Of Music.

1. MUSIC. This course is prepared to acquaint the student with the rudiments of music.

2. RADIO CHOIR. The field covered here includes practice in singing special songs, as well as practice in group singing. Actual experience is obtained by the weekly broadcast from the local Broadcasting Station.

The Field Of Languages.

1. ENGLISH. This course prepares the student to go forth and present the Gospel in a proper and efficient way. Since speech is our most important vehicle of expression, it is well to learn to speak properly.

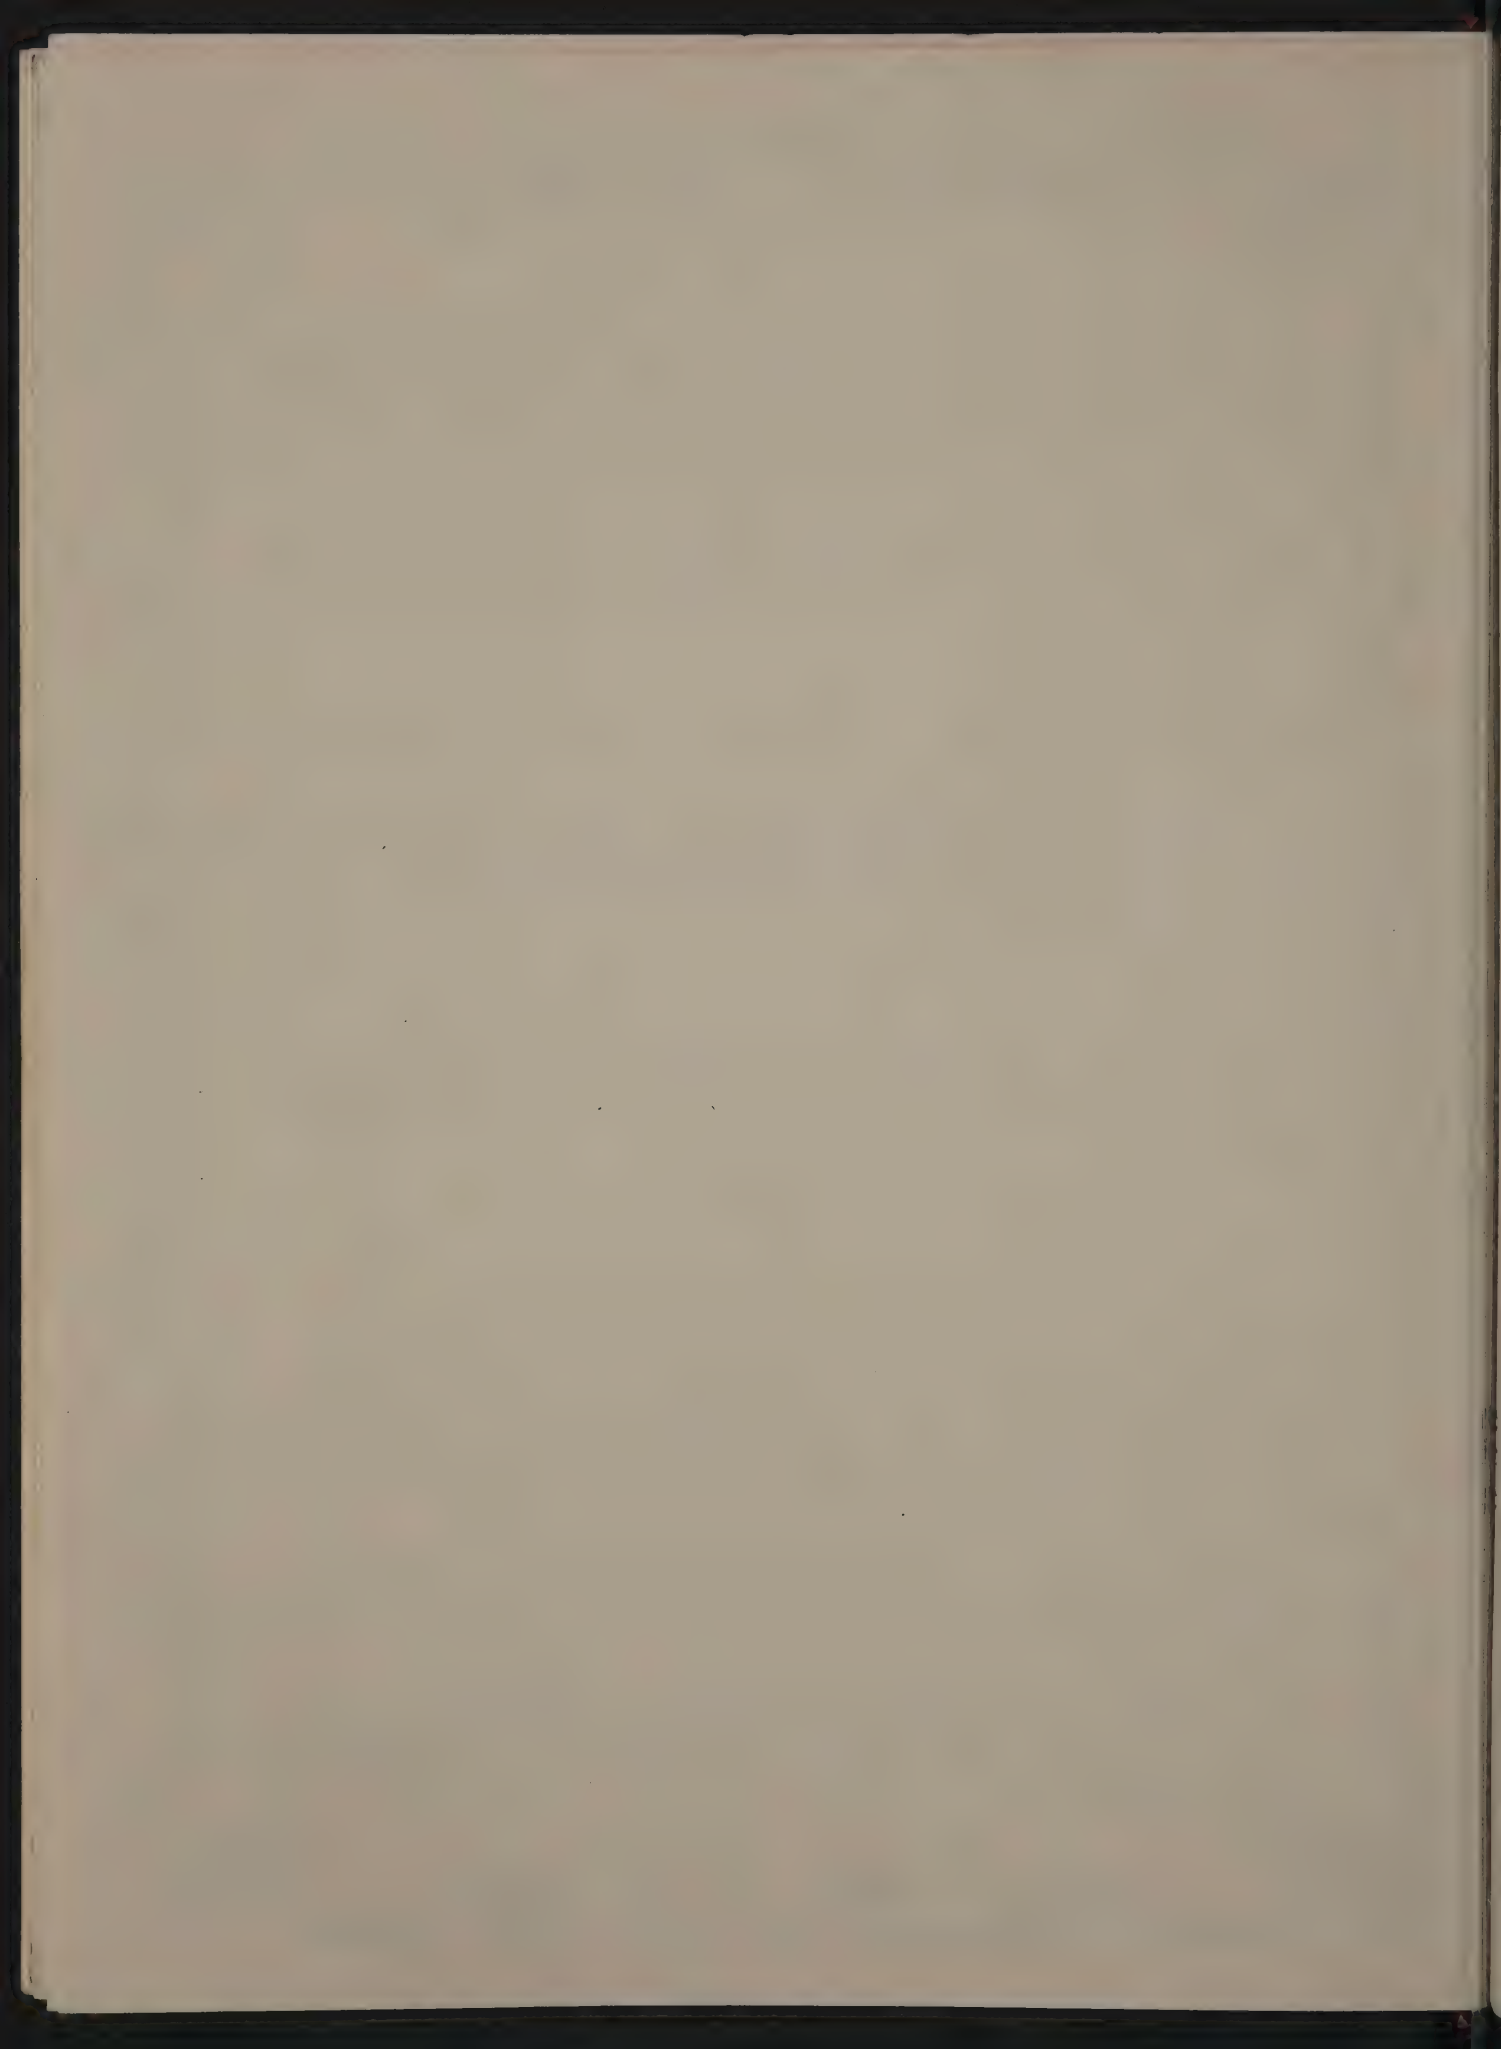

SECOND YEAR COURSE OF STUDY

The Theological Field.

1. DOCTRINE OF GOD. This is one of the most interesting of Theological subjects. It goes thoroughly into the subject and proves the existance of the one true and only God in contrast to the many so-called gods of the heathen. Although the truth of the one t true God is stressed, His eternal existance in the three persons of Father, Son and Holy Spirit is also emphasized.

2. CHRISTOLOGY II. The design of this course is to take the student deeper into the study of our exhaustless, eternal and ever blessed Lord and Saviour, Jesus Christ.

3. SOTERIOLOGY (DOCTRINES OF SALVATION). During year II this course centers entirely in the Book of Romans, which perhaps, better than any other book in the Bible, sets forth the glorious truth of man's redemption.

SECOND YEAR COURSE OF STUDY

4. PASTORAL THEOLOGY. The Biblical conception of the pastor's call to the ministry, his personal life, his relationship to the church and community.

The Biblical Field.

1. LIFE OF CHRIST. A continuation of the same course in Year I, going deeper into the Life and Works of the Son of God.

2. EPISTLES OF PAUL. During year II, a comprehensive study is made of Phillipians, Ephesians, Galatians, Philemon, and Collossians.

3. BIBLE HISTORY AND GEOGRAPHY. A study of the history of Bible times, together with an aim to acquaint the student with the geography of the Bible lands.

4. THE GOSPELS. A verse by verse study of the four Gospels, together with a harmonizing of the viewpoints of the four authors.

5. GENERAL EPISTLES. This study covers the Epistles of James, Peter, and John, and also of Jude.

The Historical Field.

1. MISSIONS. The emphasis during Year II will be on World Missions. This will include World Missions of the past, present, and prospects for the future.

2. CHURCH HISTORY. A continuation of the same course as in Year I.

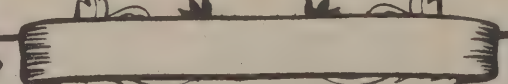

The Practical Field.

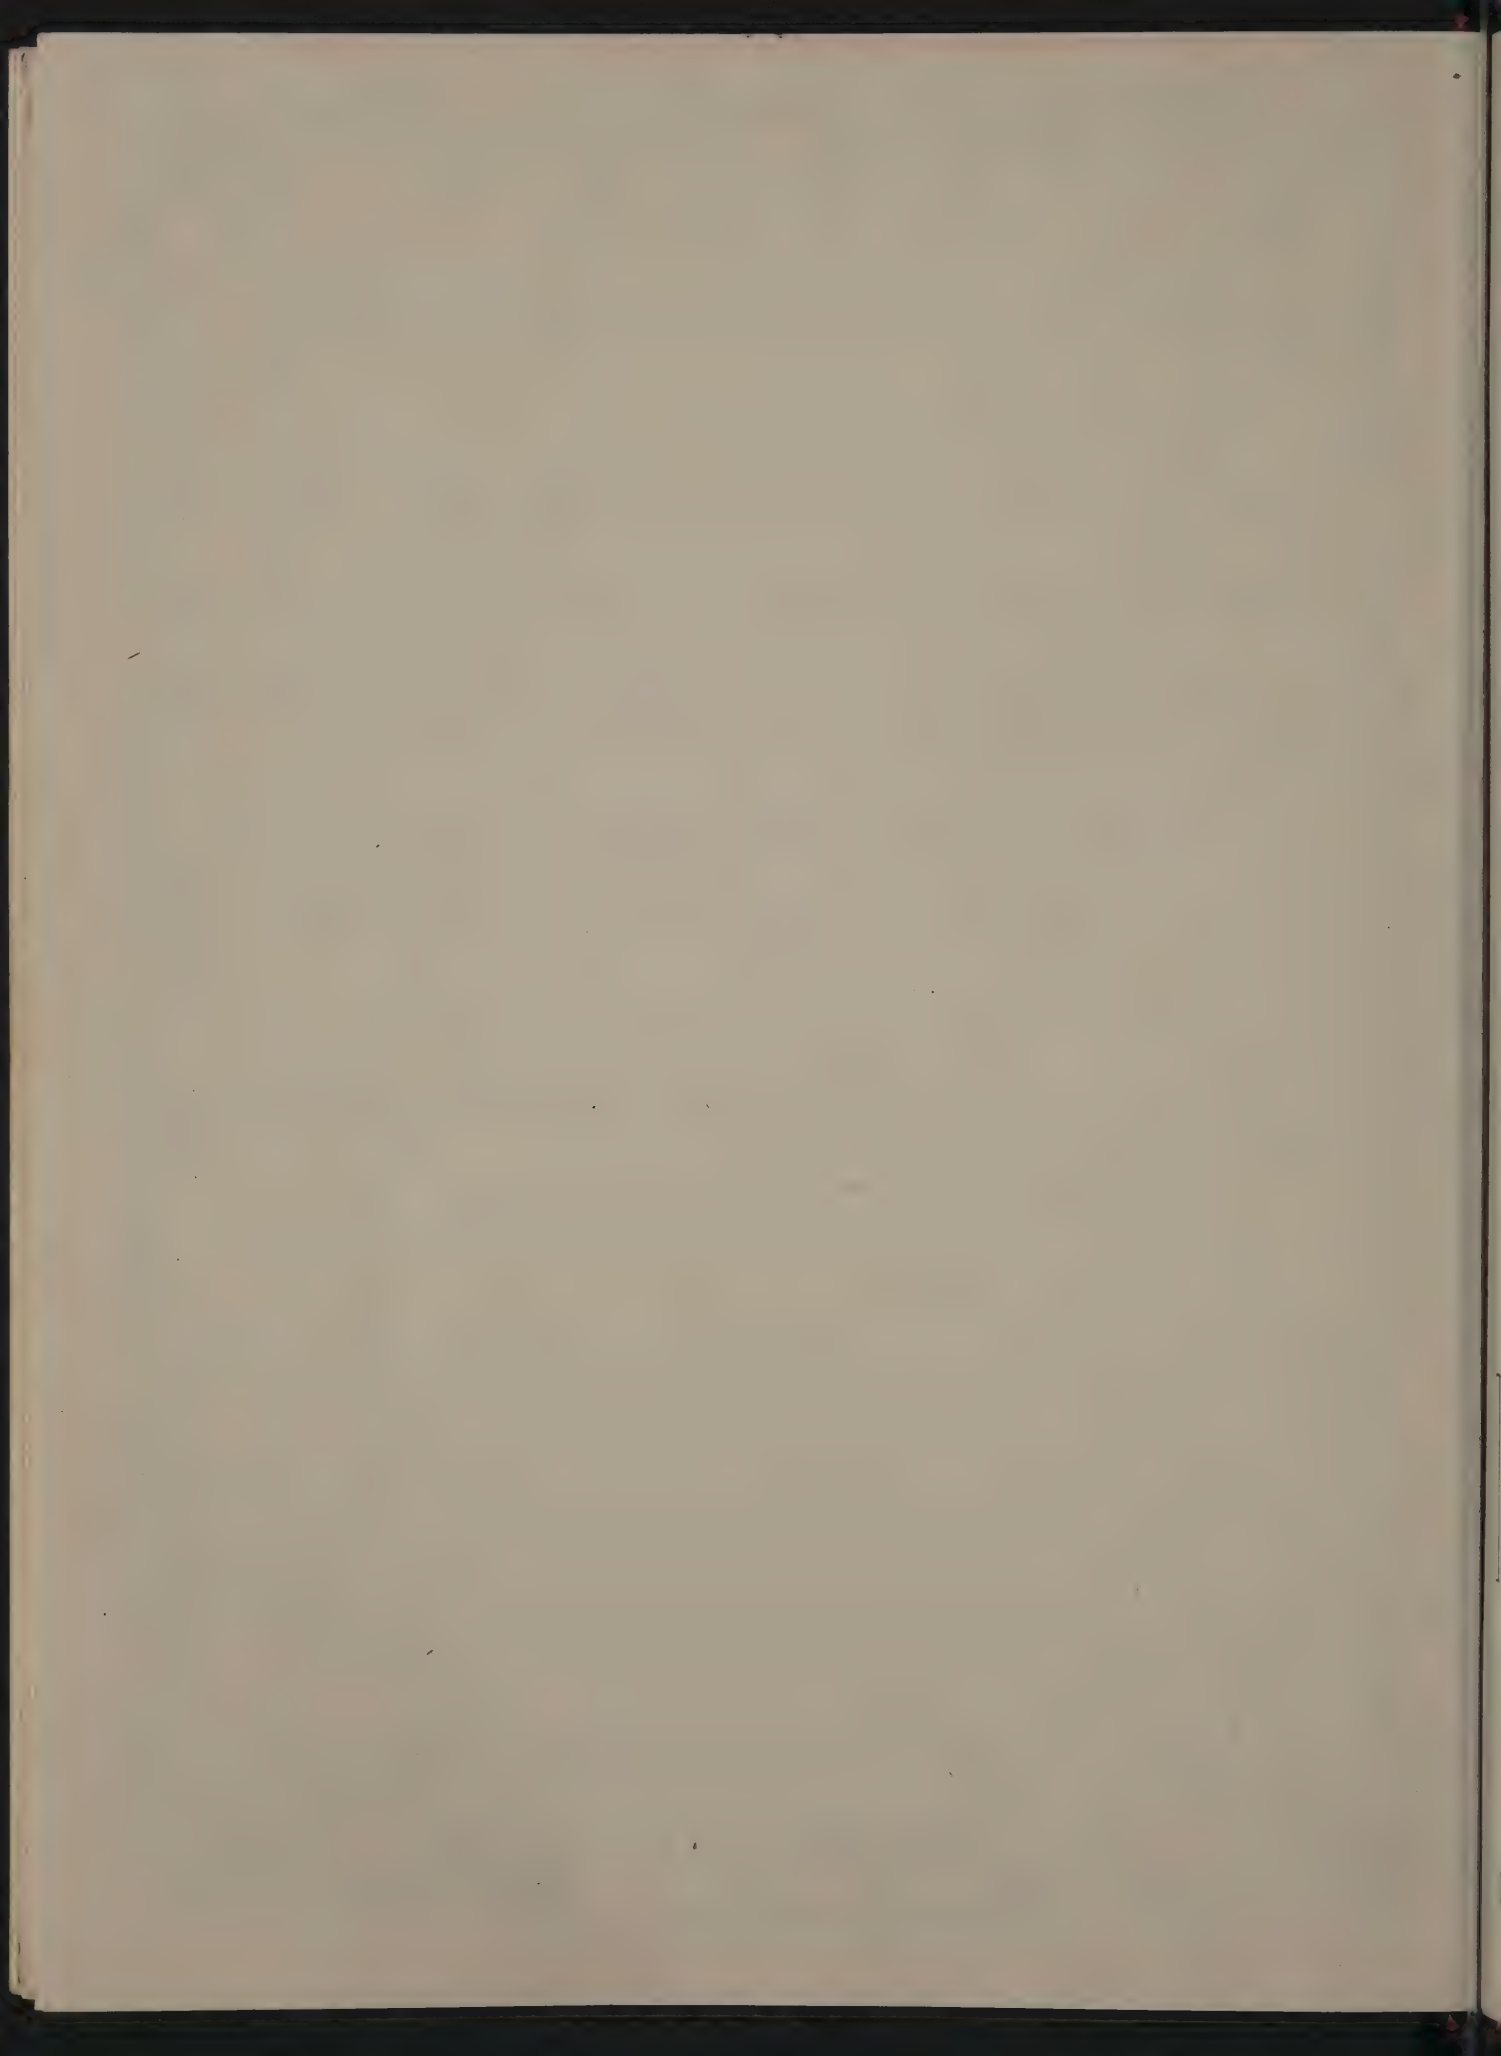

1. TEACHER TRAINING. The design here is to train the teacher in the art of instructing others in the things of God. Just how to present the truth of God's Word to the various age groups.

2. CHURCH DISCIPLINE. The proper and business-like way to conduct the affairs of the local church. A fine course in leadership.

3. DAILY VACATION BIBLE SCHOOL. Not only teaching the pupil how to conduct a Daily Vacation Bible School, but also assisting them in the actual preparing of material that they may go forth from School and conduct successful schools.

4. PERSONAL EVANGELISM. In addition to special emphasis on soul winning, the student will be made familiar with the modern day cults.

SECOND YEAR COURSE OF STUDY

5. **HOMILETICS.** The science of preparing sermons. The student is taught the various ways of presenting the Word of God in an effectual way.

6. **PUBLIC READING AND VOICE CULTURE.** This course trains the student to cultivate a pleasing and well modulated voice in public reading of the Bible as well as in preaching.

The Field of Music.

1. **MUSIC.** A continuation of study in the rudiments and technique of music.

2. **Radio CHOIR.** Training in special singing as well as group singing. Also actual participation in the radio program.

3. **ORCHESTRA.** Prospective students are urged to bring their instruments.

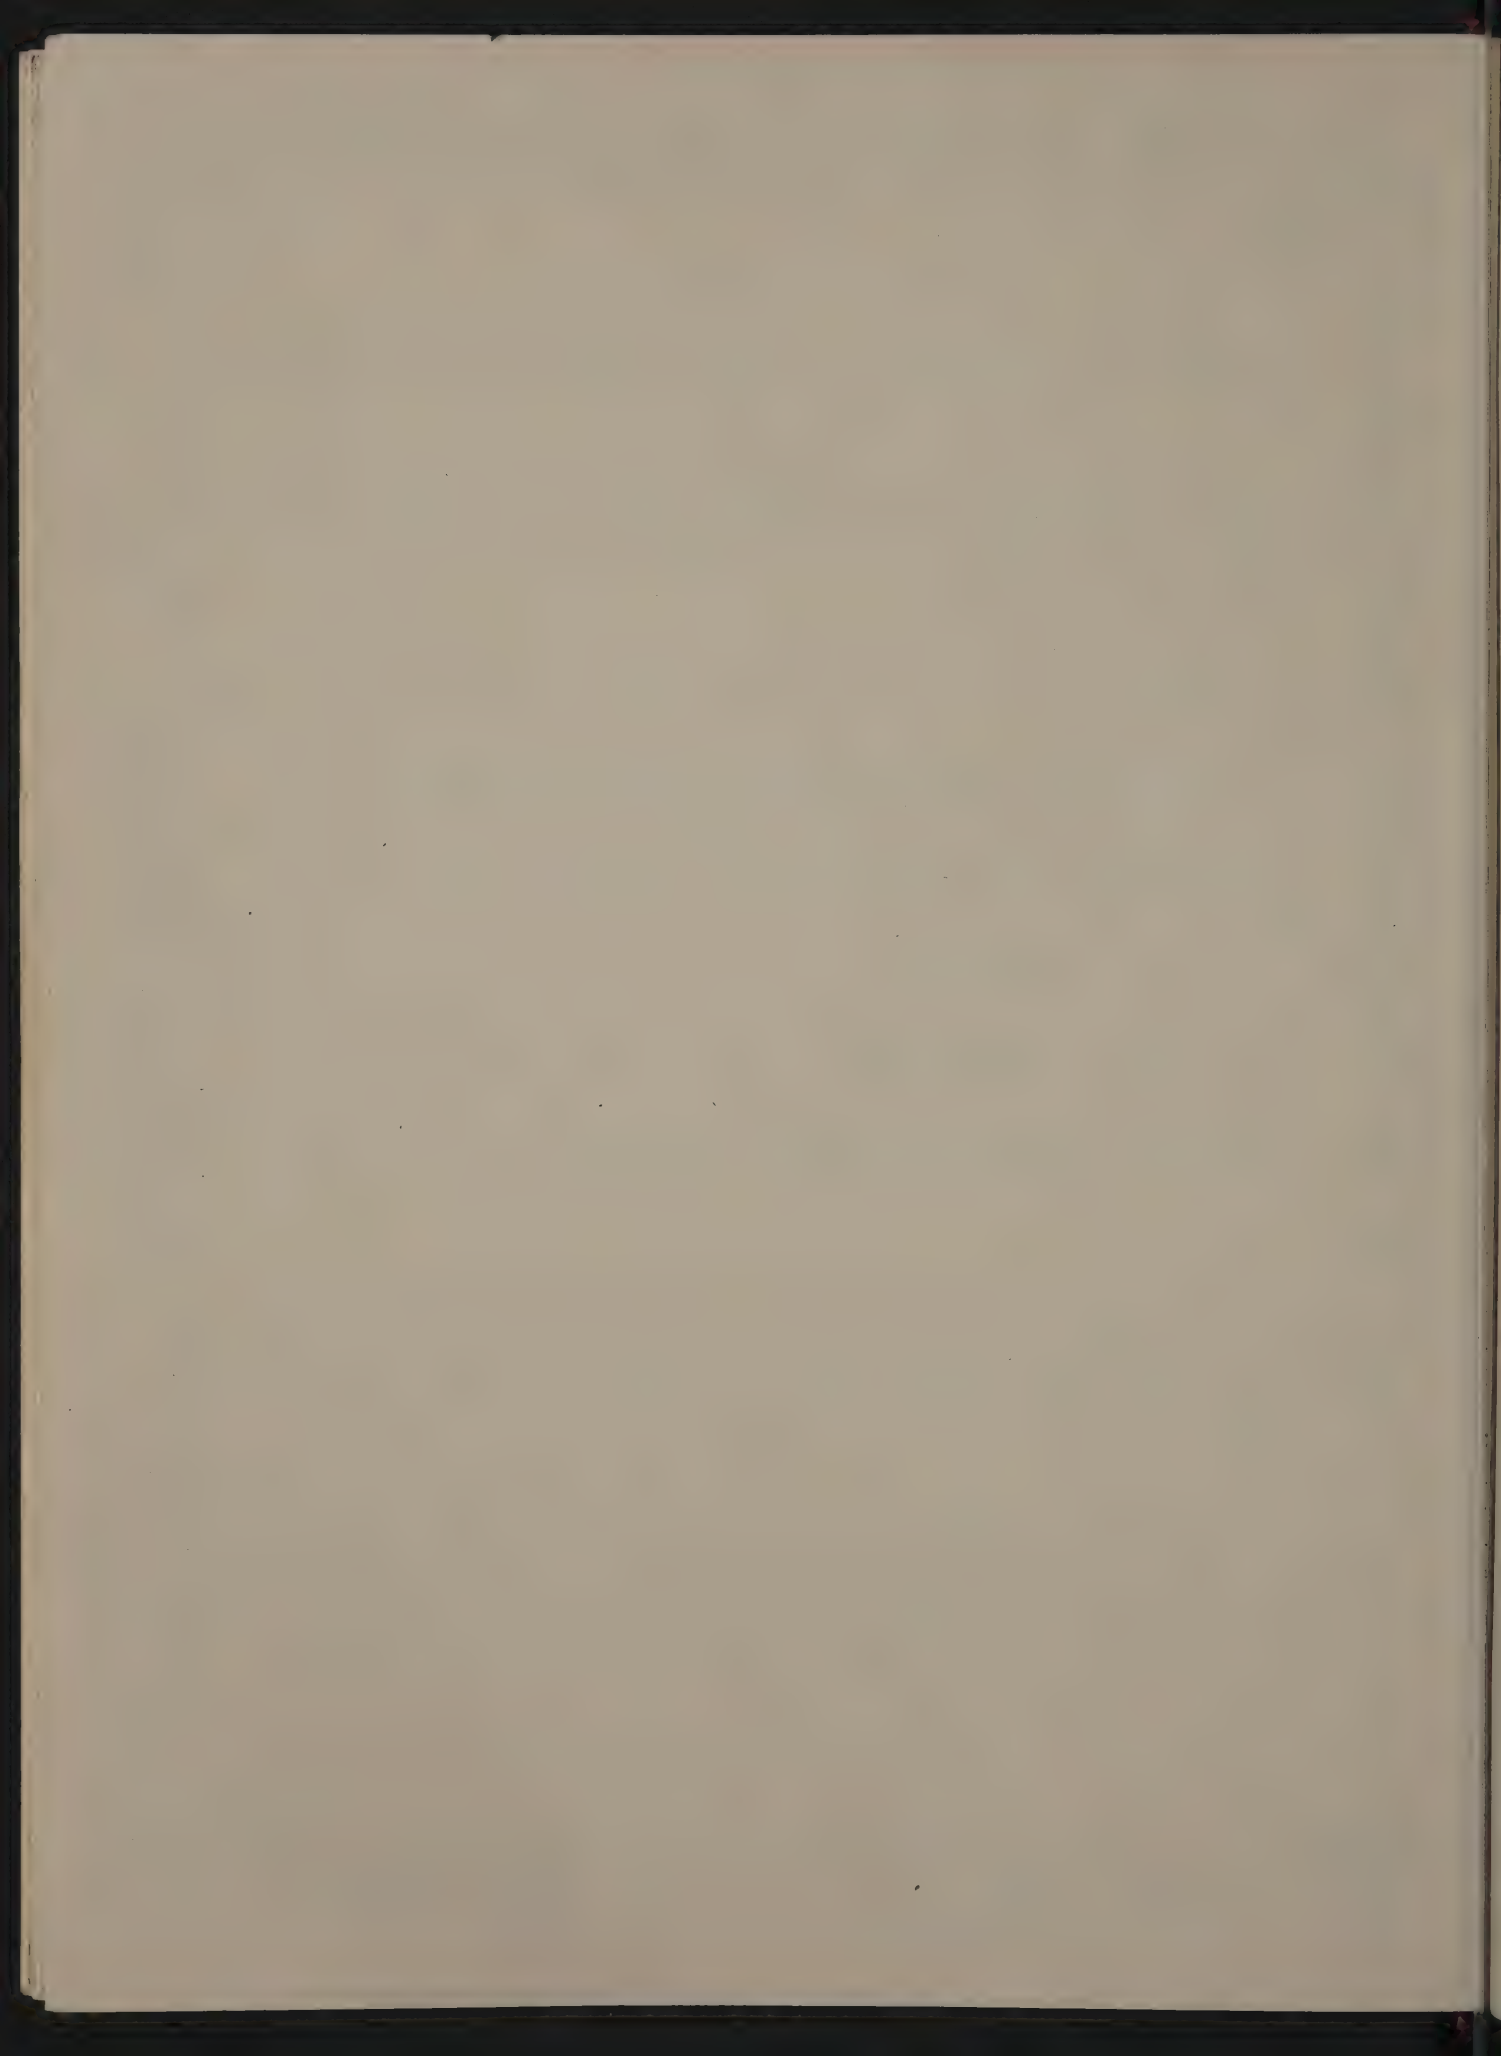

The field of Languages.

1. **ENGLISH.** The emphasis the second year will be placed upon composition and theme writing.

2. **GREEK.** A study of New Testament Greek designed to assist the student in a better understanding of God's Word.

In the school year of 1949-1950, we shall endeavor to provide as much as possible in the way of Recreation. This will probably include such games as table tennis, dart games, and games of a like nature. Perhaps we can have better skating facilities, croquet, horseshoe, etc.

The School also has a Social Night every other week, at which times the students enjoy many of the great blessings of God in Christian Fellowship and play. Such occasions are taken advantage of as Christmas, Thanksgiving, Halloween, etc., for parties, and at other times all are invited out to some home for a sleigh-ride party, or an evening of fellowship and fun.

THE FIELD IS THE WORLD

Jesus Christ, the first and greatest Missionary, said, "the Field is the WORLD." Matt. 13:38. What a scope of territory these words take in! Never did the Lord intend that one or two Nations should have the news of Salvation and keep it to themselves. God so loved the WORLD that He gave His only begotten Son, that you and me and all the two billions souls on this earth might have eternal life. Truly this is a large field, more vast than any mid-west wheat field, yet this is the territory that Jesus Christ would have us see today as being in need of the Gospel.

"The Seed is the Word of God." Luke 8:11b. Huge granaries full of grain are used in planting our flat North Dakota plains each year. And in like manner the Word of God must be sown in every nation, tribe and people of the world, if there is to be a great harvest gathered in for the Master. Today there are still thousands of people who have not heard of Christ and His saving power. The seed of the Word needs to be broadcasted throughout the world until none can say of the children of men, "nobody ever has told me before."

In order to give out the Words of Truth and Life, and to bring in the harvest that is sure to follow many more laborers are needed. We are commanded to pray the Lord of the harvest that He will put forth laborers into His harvest. Such a great field as the world needs many harvesters if the "grain" of this generation is to be gathered in before it falls and is lost. One missionary to every ten or fifteen thousand is far from sufficient--"PRAY YE therefore the Lord of the harvest, that He would send forth laborers into His harvest!" Luke 10:2.

We the students of Lakewood Park Bible School, have increased our knowledge both in class and out of class. We have found that some of our fellow students are expert teachers---or just plain experts.

Doris Englar--has become very well educated in hiding in closets. She spends much of her time there but doesn't find it any too comfortable.
Clifford Huwe--can teach you how to sharpen pencils in Sunday School Methods Class.

Margaret Peterson--awakens her roommate, (and the rest of us on second) with, "Sena my dear, it's time to get up!"

Dean Paulson--can show you a tie assortment that will make your eyes blink.

Edith Lindell--Oh Edith, teach us how to get such a good mark on a God's Wonderful Book Test. Or I mean, Just teach me how to pass a test in God's Wonderful Book!

Myron Hanson--makes a practice of answering all the questions in a test. One question in Child Study had him stumped but not for long. Then taking up his pencil he wrote, "Please elucidate the giant monstravity so as to render more clearly to my simple comprehension."

Doris Jensen--found it a pleasure to resume her studies in Pig Latin.

Ernest Enget--taught us that things just "aint so bad as you think, It could be worse."

Lorraine Huwe--introduced the "Bird Book" into our midst and taught us how to use it. Many a good laugh we had over it.

Paul Adrian--is an expert at being a good sport and a good fellow.

Luella Schoenwald--has written a book entitled "How to Gain Weight In Ten Easy Lessons."

Maxine Swartz--is an expert at getting good marks. Oh Maxine, tell us how!

Ralph Swartz--to hear Ralph laugh can cheer anyone.

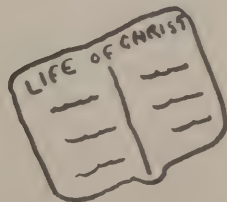

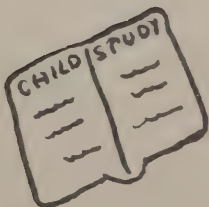

Hazel Hanson--her favorite statement at six-thirty in the morning is "Oh Julia, let me sleep five minutes longer."

Bob Bradseth--Oh Bu-Bert, oh Bu-Bert, what makes you so strong, I wonder?

Carol Brubaker--this is the first time I have ever seen a Canary with red hair.

Ruth Dawson--her motto is, "A giggle a day keeps the doctor away." and right she is.

Lester De Preist--Do you want to talk to someone nice? Then go talk to De Preist!
